# AXIS FIVE

AXIS Five is an original rock band hailing from Virginia in the United States. Presenting new original rock selections with a live high-energy show that totally rocks!

With talented visual and sound production, each of the musically accomplished members of AXIS Five comes packed with hundreds of live performance experiences, and thrives on getting the crowd to bond with the band. Concerts are filled with with AXIS Five's most popular music from their four albums, and favorite popular rock songs that will have your patrons singing along.

The original music is immersed in current political, social and heart-felt subjects, and has a very distinct guitar-vocal-drum driven vibe. Rhyming lyrics make perfect light of the rock-driven platform behind lead singer and songwriter, David Stanfill.

AXIS five can be loud... very loud! But, their concert set up known as "The Softer Side of AXIS Five" provides rock ballads from their albums along with a sleuth of old rock from the 70's and 90's.

Try us out - and we will do everything to make your event a success!
